funds raised

Established in 2011, the IEEE Student Branch of UCSC has experienced notable success over the past few years. Fostering collaboration across all four batches of UCSC, the Student Branch actively organizes various events aimed at strengthening the professional development of its members.

Through the enthusiastic involvement of undergraduates, the branch facilitates events that go beyond technical knowledge, also focusing on the development of essential personal skills like organization, leadership, and interpersonal interaction. With a primary objective of contributing to humanity through technological innovations, the Student Branch has successfully executed numerous events as follows.

What is RevolUX 3.0

RevolUX 3.0 is a **24-hour designathon** preceded by a series of workshops organized by **AIESEC in the University of Colombo** in collaboration with the **IEEE Student Branch of UCSC** for the third consecutive time.

It provides a unique opportunity for contestants to unleash their creative and innovative ideas to turn into an amazing design. It aims to provide exposure to different trends in User Interface and User experience design, and related fields to participants. Contestants will have an exceptional experience of learning and meeting the best UI/UX professionals in the industry.

RevolUX is open to all undergraduates of Sri Lanka to showcase design brilliance. This is the platform to brainstorm and execute your ultimate designing skills.

Get ready to reimagine the future of design, pixel by pixel !!!

24 Hour Designathon

Series of Workshop

2 Rounds

250+ participants

Awards and Cashprizes

TIMELINE

7th January

Awareness session (Virtual) and Registrations Open for the Competition

14th January

Workshop 01 - UI/UX Essentials (Virtual)

16th January

Registrations Close for Competition

20th January

Workshop 02 - Design Process and Figma as a Tool (Physical)

24th - 28th January

Preliminary Round

10th February

Workshop 03 -Tips on Making Your Project Better (Physical)
(for the top 10 teams)

17th February

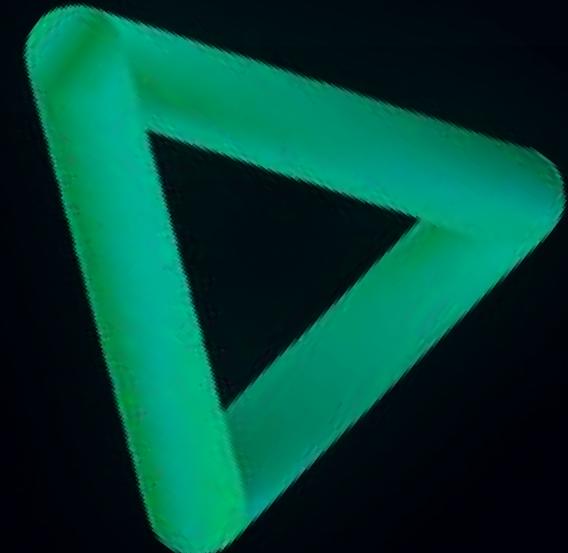

24 Hour Designathon (Physical)

18th February

Award Ceremony

REVOLEX

Team Formation

All the team members must be university undergraduates.

1

2

A team should be composed with a minimum of 3 and a maximum of 4 members.

All the members must be from the same university but not necessarily from the same faculty or year.

3

4

A team should have a team name and a team leader assigned.

Guidelines

■ Preliminary Round

- A document submission by defining your own problem and presenting a solid UI solution by mockups and prototypes.
- The problem should be from one of the given domains.
- Submission time period - 24th of January to 28th of January 11.59 PM.

■ Final Round

- The final round will be happening as a physical 24-hour designathon.
- You are supposed to come up with a UI solution (prototypes) for the given problem within 24-hours.
- Any design tool, (Adobe XD, Figma, Canva, etc) any language or framework (HTML, CSS, JavaScript, React, Angular, etc.) is allowed.
- Final designathon date & duration - 17th of February from 10 a.m. to 18th of February 10 AM.
- You should present your solution to the panel of judges at the end of the designathon.

Selection Criteria

■ Preliminary Round

- 10 teams will be selected from the document submission for the final round.
- Selection will be based on the technicality and the creativity of your submitted work.
- Submission time period - 24th of January to 28th of January 11.59 PM.

■ Final Round

- All the 10 teams should present their final product to the judges as a presentation.
- Winners will be selected at the final 24 Hour Designathon.

● ● ● **Important**

- Your solution should be creative and innovative and should fulfill the system requirements.
- Please note that the judges' decision is final and irrevocable.
- Plagiarism issues will be strictly monitored and If any team has been marked with plagiarism allegations, they'll be disqualified from the competition.

Awards and Prizes

THIRD PLACE

Claim bronze with a design that grabs attention and user-friendly grabs!

LKR
40,000

FIRST PLACE

Seize first with a design that grabs attention and functionality!

LKR
100,000

SECOND PLACE

Snag second with intuitive interfaces and seamless grabs!

LKR
60,000

- E-certificates for all contestants.
